Assault Victim Dies

Braves Defeat Athletics

BRAVES PUT INDIAN SIGN ON BIG CHIEF BENDER TODAY

HAMMER BENDER, THEN WY. COFF FOR 7 TO 1 SCORE. RUDOLPH CARRIED FROM FIELD ON SHOULDERS OF FANS MACK SMILES AND SAYS "WAIT." 25,000 SEE FIRST BIG STRUGGLE.

SHIBE PARK, October 9.—Manager Stallins and his fighting, scrapping bunch of Boston Braves outbatted and outfielded the Philadelphia Athletics in every stage of the game here today with the result that when the last man in the last inning had trotted away from the plate Boston had credited to her account 7 runs, while the Mackmen had been able to grab but 1.

The day was an ideal one for the Gray and as "Big Chief" Bender, the giant Chippewa and mainstay of the Athletics walked slowly out to the mound the crowd went frantic with its yells. The noise of the first few innings was so deafening that hardly any one even the press reporters who were in the first row were able to hear with any clearness the decisions as rendered by the umpires.

Shibe park was packed to its fullest capacity which means that almost 25,000 fans were present at the first big series battle.

Everyone of these 25,000 frantic fans were on their toes when it came Boston's turn to send its mound artist out onto the diamond.

A hushed silence seemed to fall over the vast multitude as they surveyed with critical eyes the stately form of Mr. Rudolph, "Slow ball king" on whom the honors of twirl-

"PATENT GENIUS" WANTED U. S. TO SIEZE ENGLISH CUSTOM HOUSE

DETECTIVES BAFFED BY MYSTERIOUS 'MRS. CLARK'

ATTACHES OF CORONER'S OFFICE AT OAKLAND TOGETHER WITH POLICE FAIL AS YET TO IDENTIFY WOMAN SUICIDE.

The mysterious "Mrs. Clark" has not as yet been identified according to statements made by members of the coroner's office and detectives of Oakland last evening.

The statement that appeared in morning papers identifying her as a woman of the underworld who formerly conducted the School House Dance Hall resort near Grand Canyon Park is branded as a falsehood by Oakland authorities.

Although full particulars have not as yet been gathered on the case it is thought by Oakland detectives that the supposed Mrs. Clark is a prominent society woman of San Francisco and not a woman of the underworld. Her description is as follows:

Age, apparently thirty-nine. Height, 5 feet 2 inches. Weight, 150 pounds. Eyes, blue. Hair, inclined to gray, dyed brown. Shoes, dull black, fancy black.

COAST HARBOR FUND MADE BY CONGRESS

WASHINGTON, October 9.—Allotments of the \$20,000,000 appropriation by Congress for river and harbor improvement were announced today by the board of army engineers. Pacific Coast allotments are: Los Angeles harbor, \$42,000. Oakland harbor, \$98,000. Humboldt bay, \$200,000. Sacramento and Feather rivers, \$60,000. Coos Bay, Ore., \$70,000. Coquille river, Oregon, \$26,000. Snawlaw river, Oregon, \$5,000. Snake river, \$5,000. Columbia river, at mouth, \$1,000,000; below Portland, \$200,000; upper river, \$535,000. Willamette and Yamhill rivers, above Portland, \$25,500. Gray's Harbor and Chehalis river, \$15,000; Gray's Harbor and bar, \$110,000. Golitz and Lewis rivers, \$6,000. The largest single item is for \$2,750,000 to the Mississippi River Commission.

FREDERICKS-KNOWLAND MEETING TONIGHT

POPULAR REPUBLICANS TO BE GIVEN ROYAL WELCOME AND ESCORTED BY AUTOMOBILE PARADE TO THE SCHOOLHOUSE WHERE ADDRESSES WILL BE GIVEN.

John D. Fredericks, republican candidate for governor, together with Joseph R. Knowland, republican nominee for United States Senator will arrive this evening shortly after 7 o'clock and will end a busy day of campaigning with big addresses at the Lincoln school auditorium.

An automobile parade to escort the speakers from the Southern Pacific depot will start at 7:15 o'clock. A large number of machines have been pledged for the occasion.

The candidates will be accompanied by their wives, both of whom are gifted speakers, and who may be heard this evening. Dr. Homer Woodruff will preside. The leading republicans of the city are on the committee.

It is hoped that Joe Cannon's efforts to come back will not cause Jim Jeffries to make another attempt in that direction.

DEAD MAN FAILED TO REALIZE A BIG SCHEME

LAWRENCE CARR "PATENT GENIUS" WAS ON SPEAKING TERMS WITH MANY CROWNED HEADS. WANTED U. S. GOVERNMENT TO SEIZE CANADIAN CUSTOM HOUSE AT OTTAWA WHERE HIS PATENTS WERE KEPT.

Lawrence Carr who was buried a pauper yesterday passed away before the realization of his great manufacturing scheme could be carried into effect.

Carr who had delved into patents from his early boyhood had advanced well into years when he finally conceived the idea of laying out a route on the Canadian boundary line to which he intended to bring handies from all of the "sweat shops" in New York, Chicago, Philadelphia and give them employment in his great plant which was to manufacture household articles on an extensive scale.

The last few years of Carr's life were rather stormy ones in that he was attempting to secure the aid of President Woodrow Wilson in waging a patent war against the Canadian government for the return of his several patent rights.

Carr was so deeply interested in his many patents that he commanded President Wilson and Secretary of State Bryan to send an armed force to Ottawa, Canada, seize the custom house at that place, and so secure his patents which he claimed were being held there under false pretenses.

Following is a copy of one of Carr's letters found in a hand satchel near his dead body:

Department of the Interior, United States Patent Office, Washington, October 6, 1913. Mr. Laurence Carr, Richmond, California.

Sir: Your letter of August 25th, addressed to Secretary Bryan, and yours of September 12th to Mr. Tamm, have been forwarded to the Patent Office. An examination of the files of this office show that your previous letters of May 14th and June 17th, addressed to the President of the United States, together with certain other communications, as referred to in the Patent Office letter of July 1, 1913, were duly received. The said letter of July 1st was addressed to you at Richmond, California, and from there forwarded to Fresno, but returned to this office undelivered, as you will see from the enclosed envelope.

PRETTY ITALIAN WOMAN LINGERS MANY WEEKS FROM ATROCIOUS BEATING GIVEN BY FRENZIED COUNTRYMAN

MRS. MATILDA BERTOLINI ASSAULTED BY ANTONIO FRANCISCO IN LOCAL SANTA FE YARDS DIES AT ROOSEVELT HOSPITAL IN BERKELEY TODAY. IS SURVIVED BY A HUSBAND AND 7-YEAR-OLD DAUGHTER, WHO FAINTS WHEN TOLD OF MOTHER'S DEATH.

An autopsy was performed this morning for the purpose of ascertaining the cause of the death of Mrs. Bertolini. While no fractures or any other definite indications of a blow were discovered, the brain was badly inflamed, as would naturally result from a blow on the head, according to the physicians. The autopsy was performed by Dr. Hall Vestal of Oakland with the assistance of Dr. C. L. Abbott, Dr. O. D. Hamlin and Dr. Schiro, of Oakland. The filing of charges against Francisco will now depend on the findings of the coroner's jury. The date of the inquest has not been set.

Mrs. Matilda Bertolini who on the afternoon of August 24th was assaulted while at work in a Pullman car at the local Santa Fe yards by Antonio Francisco died at the Roosevelt hospital in Berkeley early this morning from the effects of the beating which she had received from the hands of the infuriated man.

The case at the time the affair took place caused considerable comment in that Police Judge Lindsey dismissed charges against Francisco because of the conflicting testimony which was told by the woman.

A reason for the rambling manner of her talk at the time that the case was heard was probably due to the fact that a blood clot had commenced to form on her brain, according to the physicians.

From the meager evidence that could be gathered by the police Mrs. Bertolini was in the act of cleaning car windows when Francisco passed by and seeing no one else in sight attacked her.

They battled for several minutes during which Francisco struck the woman in the face and about the head with a heavy "scraper" used in cleaning windows.

As she fell from his arms the blood streaming from her numerous cuts and lacerations Francisco fled and hid. Other employees about the

yards were attracted to the scene by the woman's screams and seeing her condition rushed her to the Abbott emergency hospital.

Several days following her beating Mrs. Bertolini was called into the police court to testify against Francisco, but owing to her condition, talked in a very rambling manner which caused Judge Lindsey to dismiss the charges of assault against her assailant.

Two weeks following her court-room visit Mrs. Bertolini still convalescent was seized with a violent cerebral hemorrhage. She was again taken to the Abbott hospital where after being administered first aid attention she was taken to the Roosevelt hospital where she has lain in a semi-comatose condition until this morning when she died.

Coroner C. L. Abbott was immediately notified of the woman's death and although her case rests with the Alameda county authorities, rushed to the hospital where he was present at the autopsy.

Chief of Police Walker immediately got in touch with the Santa Fe authorities and located his man so that he can grab him up at a minute's notice and place the charges of murder against him.

Mrs. Bertolini was well known in this city and had been employed by the railroad company for a number of years.

Mrs. Bertolini is survived by a husband employed in the crushing house at Winchaven and a 7-year-old daughter.

The Bertolinis have resided for the past several years at 114 Tewksbury avenue from which place the funeral will be held the first part of next week.

A pathetic feature of the woman's death was the fact that Mary, her seven-year-old daughter while in the act of starting out for the hospital carrying a bouquet of flowers fainted when informed of the sad news.

The lady was removed to the Curry undertaking parlors in this city. The funeral arrangements will be announced tomorrow.

TUNNEL WORKER PAINFULLY HURT

The snapping of a piece of timber which he was using in the capacity of a lever almost resulted fatally about three o'clock this afternoon for Dan McKhern, an employe on the municipal tunnel job.

With several other men McKhern was at work on the southern end of the bore. They were standing on a steep grade. McKhern was attempting to dislodge a piece of timber when the lever broke. He lost his balance and rolled down hill a distance of 50 feet. His injuries had not been closely examined up to late this afternoon. He was treated at the Abbott emergency hospital. His injuries are not believed to be serious.

POLICE MOTOR IS DUE WITHIN NEXT SIXTY DAYS

The new Jeffries combination police patrol and ambulance, for which an order was recently placed by the city council is due to arrive within the ensuing sixty days according to the announcement made this afternoon by Chief of Police Walker. The machine will be of thirty-five horse-power type, and will be capable of easily scaling any hill in this section of the country.

It will be fully equipped for the removal of the ill or injured, carrying a false bottom and two sets of stretchers. V. Harold Brown of this city, it is understood, will be engaged as chauffeur.

Earning Money or Just Spending It?

WHAT ARE YOU DOING?

There are two familiar types of men in everyone's acquaintance: The one who makes plenty, but never has any money, and the other who earns moderately, but who always has plenty.

One spends money—the other saves it. Saving money even in small sums is easy; start an account here; set aside a small part of your income monthly and you will soon acquire a comfortable bank account.

We pay 4 per cent compound interest.

"To Observations Which Ourselves We Make, We Grow More Partial, for the Observer's Sake."

WE SHOULD BE UP AND DOING

The European war and the results it is to have on this country is the one all-absorbing topic of interest now, as it comes home to every one of us personally, and so that we may all gain a fair idea of what to expect it is well to read up on the opinions of the best writers and thinkers of the country. That is why this paper is making such selections from the writings of others who study deep into these vital problems. If we get all the facts well into our minds we will then know the better how to shape up our own business affairs and know what to expect. Here is what Judge Goodwin of Salt Lake thinks we ought to be doing:

"The old world is shaking under the war the most gigantic of all the ages. The men engaged, the instruments of destruction employed are beyond estimation; the pomp and magnificence of it all can no more be pictured than can the horror and the sorrow of it. Even though a great ocean rolls between our country and those countries, the infinite sorrow of it all stuns our countrymen, and so to speak, confuses even the business of our people.

Yet this should be a time when every energy should be aroused. Great factories should be in course of erection, every ship yard should be ringing with hammers; the reduction works where steel is being manufactured should be clouds by day and pillars of fire by night to turn out the material to be needed in the mighty industrial advance that should be ours, as a nation. The technical schools, the textile schools and schools of design should be crowded with students, that the factories to be may not halt through need of science to carry them on; the land owners who desire to sell lands should be putting them in form to accommodate the host that is to come and who will want little plots of soil to make homes on.

Men should be sent away at once to foreign states to investigate the character of the goods and wares they want and in what forms to prepare them.

We have a population of, in round numbers, 100,000,000 people. We have quite 20,000,000 of workers. We have quite 10,000,000 who need work and are anxious to engage in it.

All they need is a place to work in. Have not our government and our leading men genius enough to provide a way? Could that be done our great republic would make a display that in magnificence and power would put to shame the work going on across the sea. There is more rhythm in a working loom than in martial music leading men to death; the boom of blasts fired in a deep mine is far more useful, if not so impressive as the roar of artillery in its work of murder; the songs of children in free schools and happy homes are far better than the moans of strong men dying in field and hospital.

The general inspiration should come from the government itself. It should call upon the people to arise and grasp the marvelous opportunity which has been opened to us, and coupled with the call should be a promise to remove every possible obstruction from the path of the people and to help them in every possible way in their upward, onward march to a peaceable conquest of trade, to a larger market for their products."

We are as busy as a bee from 6 in the morning till after 11 at night, 365 days in the year, and if that proposed eight hour law ever catches up with us we'd feel so lazy it would remind us of the good old days of childhood, way back east, when we sat around and watched the mud-dauber wasps build nests among the rafters of the old barn.

The ballots will be out in a few days now, so you can take a day off and read up on the forty or more amendments to the state constitution to be voted upon at the election next month. Really, we all ought to find time if possible to study those amendments, for many of them are of vital importance to the welfare of the people of the state. It is a pity there are so many of them all at once, but they should not be overlooked.

War prices now prevail, b'gosh,
So tarters, beans and such,
As well as bread and meat and squash,
Cost nearly twice as much.

Fresh paint on a door is always labeled. On a woman's face it don't need labeling.

The real cause of the European war was spontaneous combustion of cussedness.

It is just as well to mend up your religion a trifle without waiting until you get one foot in the grave.

Be a soldier, and then when you are not getting shot or shooting somebody else you can dig trenches.

While this war rages we have two things to be thankful for—the Atlantic ocean and the Pacific ocean.

John Beecham the pill man has been made a baronet and now wears a "Sir" in front of his name. Pays to advertise.

Another big slice of Kentucky has just gone dry, embracing nine counties. What is to become of the Colonels?

Postmaster General says the mail wagon horses must go. Those we have seen never looked like they could go very far.

Seems like if more people loved the Lord and loved their fellow men, there would be more Woodrow Wilson Democrats.

If you don't like conditions in this country, you might try Bombay. They pay operatives in the cotton mills there \$90 a year.

One thing to the credit of the inhabitants of a graveyard is that while they are not active they are quiet, peaceable and honest.

One dispatch says the Austrian fortress Przemyśl is pronounced Pzheimisel. Fine! Now will somebody please tell us how to pronounce Pzheimisel?

The bill to reduce all federal salaries seems to have struck a cold spell in committee that has frozen it around with ice and snow and lowering temperature.

Why don't some of those armies, England, for instance, equip a hundred electric motors and get suffragettes to drive them? That would kill off most anything in front of it.

In raising a war revenue why not tax every man \$10 who votes a bull moose ticket? Of course, it wouldn't raise much revenue, but it might be some restraint upon selfishness.

Taking into consideration the enthusiasm with which the foreigners, supposed to be Christians, are shooting each other's heads off, it looks as though missionaries have been asleep on the job.

A scientist says if the radium in the interior of the earth is equal to that in the rocks at the surface the world will grow hotter instead of cooler. Seems like it is about hot enough now.

The new anti-trust act of congress has been agreed upon and will become a law. It strengthens the Sherman act and enables the courts to make guilt personal, and provides a way for the punishment thereof. This, however, ain't saying the courts will make it personal, though some of them may and all of them ought to.

While the good housewives are making war on the high prices of foodstuffs, they should also organize a squad to receive the art of making good corn bread and corn batter cakes. We have always believed that if more good corn bread were made in this country the men would consent to have less of the corn converted into whisky.

Official War News

PARIS, October 9, 11:38 p. m.—The official communication issued by the French War Office tonight says:

"On the whole the situation is stationary, the positions occupied being the same notwithstanding several violent encounters, notably in the region of Roye.

Afternoon Report.

The following official announcement was made this afternoon:

"First: On our left wing, in the region of the department of Nord, the enemy has made progress at no point. At certain points he has moved back, particularly to the north of Arras, where the fighting is developing under conditions favorable for us. The operations of the opposing forces of cavalry are developing at the present time almost as far as the seacoast on the north.

"Between the Somme and the Oise, in the vicinity of Roye, the enemy is still in force, but we have

retaken the major part of the positions we were obliged to give up.

"To the north of the Aisne the numerical strength of the German troops seems to have diminished.

"Second: On the center between Rheims and the Meuse, there is nothing to report. On the heights of the Meuse, between Verdun and St. Mihiel, the enemy has drawn back to the north of Hattonchatel. He still holds St. Mihiel and some positions to the north of the St. Mihiel, on the right bank of the Meuse.

"In the Woerthe district, the violent attacks delivered by the enemy to the west of Apremont have failed.

"On our right wing, Lorraine and the Vosges, there has been no change.

"In Russia, along the line of East Prussia, the Russian offensive continues. Very spirited fighting is taking place on the frontier to the east of Suwalki."

BERLIN, October 7, via London, October 9, 8:25 a. m.—An official statement given out at the general headquarters tonight follows:

"The engagements on the right wing in France have not led to any decision. The attacks of the French in the Argonne and from the north-east front of Verdun have been repulsed.

"Off Antwerp the attack has

crossed a section of the river Ne-the.

"The attacks of the Russians on the government of Suwalki have been repulsed, the Russians losing 2,700 prisoners and nine machine guns.

"In Poland, in minor successful engagements west of Ivanogrod, we captured 4,800 prisoners."

PETROGRAD, October 8.—An official communication issued from general headquarters says:

"The fighting on the East Prussian frontier continued on October 7 with ferocity. In spite of German reinforcements, all their attacks in the region of Wirballen (Russian Island) and Philippoff have been repulsed with great losses. By a night assault the Russian troops have captured the village of Kamenka, near Bakalargewo.

"In the forest of Massalstschin, west of Katchka, our troops in a night attack surrounded a German detachment, which was partly exterminated, the others being dispersed, abandoning their rapid fires.

"Russian troops have also captured the town of Biala (in Galicia, 42 miles southwest of Cracow). In other regions there is nothing of importance to record.

"In the attack against the Przemyśl garrison conditions are in our favor, our troops capturing by assault a strong fortification, constituting the principal positions."

VISITORS FAIL TO SHOW—BANQUET AGAIN POSTPONED

All hands were ready to fall to last night at the banquet arranged by the members of the local lodge of Druids in honor of a visit of the grand officers. The grand officers, however, failed to appear. Just as the members were about to proceed without the presence of their superiors a letter was handed to the toastmaster in which it was stated that the conflict of dates necessitated the changing of plans and it would be necessary to postpone the official visit for another month. The banquet was halted and the foodstuffs returned to the caterer.

SAN PABLO KIDS ON A VACATION; HAVE THE MUMPS

San Pablo has come to the front again and a number of the pupils in the public school of that place are taking enforced vacations. They are spending their time at their homes—with the mumps. Just to what extent the malady will develop among the community has not been ascertained. In its present stage, however, it is not regarded as an epidemic.

NO HEADACHE OR NEURALGIA PAIN

Get a 10 cent package of Dr. James' Headache Powders and don't suffer.

When your head aches you simply must have relief or you will go wild. It's needless to suffer when you can take a remedy like Dr. James' Headache Powders and relieve the pain and neuralgia at once. Send someone to the drug store now for a dime package of Dr. James' Headache Powders. Don't suffer! In a few moments you will feel fine—headache gone—no more neuralgia pain.

STATE C. E. WORKER HAS BUSINESS HERE

Roy E. Creighton, newly named as Intermediate field secretary of the California Christian Endeavor Union was in this city yesterday in conference with the county workers with regard to the plans for the coming year. Creighton, who comes from Los Angeles is enthused over

the progress under the present administration. He declares that the possibilities for doubling the number of Intermediate Endeavorers in the state this year are brilliant.

You can clear your head and relieve a dull, splitting or violent throbbing headache in a moment with a Dr. James' Headache Powder. This old-time headache relief acts almost magically. Send some one to the drug store now for a dime package and a few moments after you take a powder you will wonder what became of the headache, neuralgia and pain. Stop suffering—it's needless. Be sure you get what you ask for.

NOTICE TO CREDITORS

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF CONTRA COSTA.

In the Matter of the Estate of Bertha E. Rupert, Deceased.

Notice is hereby given by the undersigned, Administrator of the estate of Bertha E. Rupert, deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit them, with the necessary vouchers, within four months after the first publication of this notice, to the said Administrator at the law office of J. E. Rodgers, Byron Brown Bldg., Martinez, Contra Costa County, California, which is hereby designated as the place of business in all matters connected with said estate.

Dated September 24th, 1914.

DANIEL S. RUPERT, Administrator of the estate of Bertha E. Rupert, deceased.

ARTHUR C. HUSTON, Attorney for Administrator, Woodland, California.

Sent. 25; Oct 2-9-16-23.

BRANCH OF O. A. & E. RY. IS TO BE OPENED TOMORROW

Everything is now in readiness for the opening of the Sacramento Valley Electric Railroad company. This is a new line which has been building from Dixon Junction on the Oakland, Antioch & Eastern railway to Dixon, a distance of 12 miles. The second unit will soon be built from Dixon to Woodland and thence up the west side of the Sacramento Valley to Red Bluff. When completed, this new line will have 160 miles. The first unit of line will for the time being, be operated by the Oakland, Antioch & Eastern railway. The present terminus of the line is Dixon, where an agency will be installed and effective October 11, they will be able to handle any and all kinds of freight. While several carloads of freight have already moved before the line was completed into Dixon and the first shipper was the E. K. Wood Lumber company of Oakland to the Peterson and this was on September 18th. There has also been several carloads of grain and hay that moved from Silver to Oakland and Port Costa.

But the official opening of the line is set for tomorrow, October 10th in which date, the officials and directors of the Sacramento Valley Electric railroad company, and the Oakland, Antioch & Eastern railway, assisted by the Chamber of Commerce at Dixon, have arranged for a free round trip between Dixon and Dixon Junction. The general public has been invited to inspect the new line.

Dixon heretofore could only be reached by the Southern Pacific Co. but with advent of this new route it will mean 7 additional trains daily between Dixon and Oakland and San Francisco. It will also enable these living along the line of this new railroad to have an opportunity of doing business with people living in Contra Costa county and of a short line to the traveling and shipping public, which has been a long felt want and is sure to be appreciated.

The Oakland, Antioch & Eastern railway's chief dispatcher's office now has private telephone connection through to Dixon and through phone service was put in for the first time on Wednesday morning, October 7th.

All trains will be dispatched from Oakland, Antioch & Eastern railway chief dispatcher's office at Oakland and will have the same efficiency which now prevails on the main line of the O. A. & E. between Oakland and Sacramento.

The O. A. & E. will no doubt have available feeder in this new electric line and likewise the O. A. & E. will be the means of this new line securing the benefit of through freight and passenger rates. The new Local and Joint passenger tariff of the S. V. E. R. R. Co. was filed with the California state railroad commission yesterday and the new Local & Joint Freight Tariff which names rates between Dixon and all points on the Oakland, Antioch and Eastern railway and also to points on the Sacramento and Woodland R. R. and Nor. Elec. Ry. in connection with the O. A. & E. Ry. will be filed with the state railroad commission tomorrow and will be effective for the opening date of the railroad.

DULL, SPLITTING, SICK HEADACHE

Dr. James' Headache Powders relieve at once—10 cents a package.

You take a Dr. James' Headache Powder and in just a few moments your head clears and all neuralgia and distress vanishes. It's the quickest and surest relief for headache, whether dull, throbbing, splitting or nerve-racking. Send someone to the drug store and get a dime package now. Quit suffering—it's so needless. Be sure you get Dr. James' Headache Powders—then there will be no disappointment.

Gowns heretofore priced to \$1.95 sell for \$1.35

We have grouped together about 365 Muslin Gowns, and placed them on sale at prices that will result in their speedy clearance. We have taken this action and made these reductions because the garments are slightly mussed and soiled from handling. Some are not in their original folds, and altogether though they haven't a decidedly snowy and fresh appearance, they are all fine merchandise and excellent values.

Other prices:

COL. WEINSTOCK AND OTHER SPEAKERS ARE HEARD HERE

Three eminent speakers—Col. Harrison Weinstock of the California Industrial Accident board, F. H. Bloodgood of the state board of control and H. D. Loveland a member of the state railroad commission—were heard last evening in addresses at the Tenth street school auditorium.

In addition to giving a detailed account of the workings of the industrial accident board Weinstock turned to discuss in brief the present political issues. Loveland spoke of the railroad commission and its accomplishments and Bloodgood discussed at length the activities of the state board of control.

"THE MAKING OF BOBBY" BURNIT COMING TO THE RICHMOND

"The Making of Bobby Burnit," a Lasky Paramount production with Bessie Barriscale in the leading feminine role is to be shown next week at the Richmond Theatre. The production will be given on the afternoon and evenings of next Wednesday and Thursday.

Miss Barriscale is well known in the bay cities, being a resident and social leader of Berkeley. The play in which she is now appearing is a comedy by Winchell Smith, and is virtually lifted from the story of the same name by George Randolph Chester. Edward Abeles appears in the film, together with such masculine stars as Howard Hickman, husband to Miss Barriscale and Theodore Roberts.

The story is of an ingenious tale of mixing business with romance. In many characteristics the play is similar to that laughable comedy, "Brewster's Millions."

NATIONAL FARMERS HOLD CONVENTION

Government Aid Sought in Marketing Cotton—Work of Peter Radford Commended.

Fort Worth, Texas.—The eleventh annual meeting of the Farmers' Educational and Co-operative Union of America came to a close in this city today. More than two thousand delegates were present, representing the various state organizations and covering an area from coast to coast and from the great lakes to the gulf.

President Chas. S. Barrett, presided over the sessions and introduced the various speakers. The keynote of the convention was the action of the convention in asking governmental aid in financing the cotton crop of the South.

"The greatest crisis in years, brought on by the European war, faces the United States," said President Barrett in his opening address. "There is only one thing to do and that is for the United States government to buy three or four million bales of cotton at not less than ten cents a pound from the farmers of the South to be held until a higher price may be obtained and, when sold, the profit, minus the expense of handling to be remitted to the farmers."

The convention went on record as favoring the Henry bill introduced before Congress recently, which favors the buying of cotton by the government as a relief of the present situation. This bill was drafted with the co-operation of President Barrett, who believes that it fully covers the situation.

Provision was made for the raising of a fund of \$200,000 for the purpose of maintaining a committee to devise plans for relieving the depressing results of the European war. This committee will include a member from every organized state, together with the national officials and the national executive committee. The committee will be in charge of Peter Radford of Texas, who was appointed chairman, and before the adjournment of the session more than \$10,000 of the fund had already been pledged. A resolution was passed condemning the present war and recommending the establishment of an international parliament and an international court, looking to universal peace and good will between the nations of the world.

Child Labor Condemned. A resolution was passed endorsing the bill providing for the elimination of products from interstate commerce which are manufactured in factories employing children less than fourteen years of age or those employing children under sixteen years of age more than eight hours.

A marketing plan introduced by

Harry Tracy of Texas in which a practical system of marketing farm products was outlined was heartily endorsed by resolution.

Union Officials Endorsed.

Referring to the work of the officers of the Farmers' Union, Mr. Barrett paid a high tribute to the manner in which they have co-operated with him. "They have stood steadfastly by me in every call to duty," said Mr. Barrett, "and in every endeavor for the general good. They are true, faithful and conscientious men. I want to pay special tribute to one individual, Peter Radford. If I should be asked to name one man in the Union who has done more to lighten my own load, who stood ready day or night for service, who doesn't even wait for the distress signal, then I'd have to say Peter Radford. Men like Peter Radford keep one's faith sound, his courage high and renew belief in humanity."

Union Growing Rapidly.

President Barrett stated that the Union was fast growing in numbers and in strength. Twenty-seven states in the Union are included in its membership and the total number of members aggregate more than eight million. It is the boast of the Union that all its members are men who are actual farmers and that no one who does not till the soil, is eligible for membership in the organization.

The officials of the Union were unanimously re-elected for the coming year as follows: C. S. Barrett, Georgia, president; A. V. Swift, vice president, Oregon; A. C. Davis, secretary, Arkansas.

RADFORD REAPPOINTED

Fort Worth, Texas.—President Chas. S. Barrett of the Farmers' Educational and Co-operative Union of America has announced the reappointment of Peter Radford as lecturer of the National Union during the coming year. Extensive plans have been outlined for publicity work throughout the nation to be carried on through Mr. Radford's department. This publicity work will be modeled on the lines of the educational work done in Texas on the subject of farm problems.

"PATENT GENIUS"

(Continued from Page One)

velope bearing the postmarks of Washington, Richmond and Fresno. Respectfully.

(Sgd.) W. F. WOOLARDS.

Chief Clerk. As a last attempt to secure his patents which he had pending in Canada, Carr wrote the following letter to the Duke of Connaught.

Ottawa, April 7, 1913. Sir: Your communication of the 13th and 27th ult., have been duly received, also your appears to His Royal Highness. The Duke of Connaught, Governor General of Canada and to the Right Honorable R. L. Borden, Premier, which have been transferred to this department, having charge of the Canadian Patent Act.

That Carr had stored up a very bitter feeling against the officials of the Canadian patent office is shown by the following:

The Honorable Commissioner of

Patents, W. J. Lynch, Ottawa, Canada.

Dear Sir:

I have the honor of informing you that your letter of October 1st received with copy of your letter June 12, 1911, in reply to same. I have no knowledge of ever sending a postal card, though I may have done so. In referring to your rule 9 it was received too late under your patent laws. And your rule 9 with the dishonest ruling of the honorable commission in all my patent cases goes to show that you have ruled against me in every case. Your patent laws and the unjust rulings of the commission has robbed me of my work and my money and of my patents, and the right to do business in Canada. Your patent laws are only a pretense to robbery, a lame excuse, your ruling is a farce and a humbug for honesty. Your laws were framed and devised to rob the inventor that was so unfortunate as to fall into your trap. To the high Canadian manufacturer at the expense of the American inventor and let you claim to be honest gentlemen. You and your Canadian gov-

ernment have robbed me of all you could get—and you have taken all I had invented in Canada but my name. Remember that I say a better class of gentlemen would not do as you have done to a human being, for honesty and dishonesty a man does not have to be very bright to see the grade and class of human race that the honorable commissioner of patents has descended from. Again I ask you to remember that I say that I am not through with you and your government yet. This case will be heard and read in every newspaper the world over. Your unjust laws will be the downfall of your government. That terrible day is just as sure to come as daylight supersedes the darkness when your patent office will be removed to Washington where the American nation will have only one government from Canada to the North Pole.

P. S.—You as officers of the Canadian government in the dishonor of your patent office duties as commissioner of patents, have acted like a man that was composed of a combination of human savages that carried away all of the filth of the human race from Adam down. You will in time go to the same road that all that ever did go with all your crimes on earth held up before you to review.

WHAT A LITTLE MONEY CAN DO FOR YOU

"Ned, I never look at this check—ed suit I've worn all summer without thinking of the vacation I gave up to buy it. And when I finished saving for it, it was too late to take my time to choose a good suit—I've always despised this loud pattern. "But, say! That's not the worst! I need another suit right now and have just five dollars toward it. Give me sympathy, Ned. Believe me, I need it!"

"Sympathy! What you want, Harold, is advice. You go to CHERRY'S! That's the place to get

cheered up. It's a CREDIT CLOTHING STORE, Harold, where that five dollars will do wonders for you.

"It's fairly early in the season now, and CHERRY'S stock is at its best. Might as well buy your new suit tomorrow, Harold. CHERRY'S are open all day Saturday and all evening, too—and THEY'LL TRUST YOU. Simply make a first payment and take your suit home. Then you'll have a few small installment payments to meet and that's all there'll be to it.

"It's great, Harold!—this Credit System of Cherry's. Between Washington and Clay, Oakland, on 13th street, the number is 528, you'll find their exclusive store for men, while just across the street at 523 is a lovely store for ladies. In San Francisco they have a store at 1009 Market street and another at 2400 Mission street.

BRAVES DEFEAT THE ATHLETICS

(Continued from Page One)

Big Boston's first game had been placed.

They had watched for several breathless minutes the giant Chipewa fling his masterful curves, spitters, and speeders across the plate and now they were about to see what the stately Mr. Rudolph had to offer to those Mackmen who live on speed and with whom every strike counts as much as a cut in their salary roll.

Standing for a few seconds with his toe poised on the edge of the turf plate Rudolph eyed the ties upon tiers of frantic fans, following which he directed his attention to his sturdy little backstop, Gowdy, who was already flashing him signals for one of his favorites, the easy but ever deceptive slow ball.

Rudolph fingered the ball for a few seconds and then spat a wad of tobacco juice at its seam, following which he made several sweeps about his head uncorking the pellet as if by spring work in a straight line at what seemed the head of Eddie Collins. But just before it reached the rubber plate it started to drop and ere the bat of that famous swatter could touch the horsehide it had found a resting place in the spacious mit of Catcher Gowdy, while at the same moment the right hand of Empire Hilderbrand shot into the air indicating that the ball had been a strike.

In the fifth inning the Boston Braves were still leading their rivals the Athletics by a score of 4 to 0, while the Philadelphia fans were doing everything in their power to rattle the Boston players as they had done in the last world's series where their curt remarks and harsh challenges had caused Snodgrass, the premier little outfielder for the Giants, to drop a fly ball at a critical moment, but their jibes and chattering seemed to have little effect on the Boston fellows who played as if their ears were stuffed with wax.

As the Innings progressed and as the Braves added more tallies to their already long score many fans became disgusted and left but there were many who stayed, hoping for a final ninth inning rally when their hopes, the "machine-like" Athletics would overcome the big lead as they had often done in former games.

But alas!

The Mackmen, those much touted baseball artists, the pride of the American nation lacked that final spurt of retaliation which they always had at the proper moment. "Homerun" Baker lacked it; Eddie Collins lacked it; "Stuffy" McInnis lacked it, in fact the whole team, the team which has been lauded to the skies, the team which has made Connie Mack famous, had slipped and it had slipped at a very critical moment.

But as bad as everything was Connie Mack is optimistic and always looks forward to the morrow to bring him better results, in fact he even went so far as to state that "although the Athletics had lost, he still could see little reason for being worried in regard to the series."

—\$1.25.

Felt Comfys—in all colors—\$1.15.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headache, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four

ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

CORONER'S JURY SITS THIS EVENING

A coroner's jury will sit this evening in the matter of the death of Sladimar Kirskevich, who died in this city last Saturday night. Several physicians will be called to give testimony. The lad suffered an accident and was so weakened by the loss of blood that he failed to rally from the effects of the anesthetic. Dr. C. L. Abbott will conduct the examination.

AID ASSOCIATION HOLDS BOX SUPPER

A box supper was a feature of the meeting held last evening by the members of the Fraternal Aid association at Pythian Castle. A dance and social entertainment followed. The committee in charge consisted of Earl Eddleman, Mr. and Mrs. George Wolf. The lodge is engaged in a campaign for membership.

REV. DAVIS SPEAKS AGAIN NEXT SUNDAY

Rev. R. N. Davis of the evangelistic staff of the Christian church of this state will be a speaker at the First Christian church of this city next Sunday. Rev. Davis is from Santa Cruz. He spoke in this city last Sunday. The church board met last night but did not consider the matter of a permanent pastor.

YOUNG BOUQUET HAS BLOOD POISONING

Blood poisoning, resulting from a blister on his foot may cause Wendell Bouquet of this city is to remain at his home under the care of a physician for some time. Bouquet recently entered the football field with a new pair of shoes on, and the blister resulted. Dr. C. L. Abbott is in attendance.

MOOSE LEADER TO SPEAK IN OAKLAND

"Meaning, Spirit and Progress in Moosehood" is the topic of an address which will be delivered in Oakland next Tuesday evening by Director General J. J. Davis, of Pittsburg, Pa., one of the leaders in the Moose lodges of America. The lecture will be given in Oakland and the members of Richmond lodge will attend in a body.

Harry B. Andrews, of Oakland lodge was present at a meeting of the local body last night for the purpose of extending the invitation.

Andrews also extended to this lodge the invitation to conduct the large class initiation to be held in Oakland on Friday evening of next week. The invitation was accepted.

A competitive drill between the teams of Oakland and this city will be held in this city in the near future, just as soon as the arrangements can be made. The challenge was made to the captain of the Oakland team by Captain Sullivan of this city. A silver cup will be staked on the outcome.

DON'T WAIT

Take Advantage of a Richmond Citizen's Experience.

When the back begins to ache, Don't wait until backache becomes chronic.

Till kidney troubles develop; Till urinary troubles destroy night's rest.

Profit by a Richmond citizen's experience.

"My little boy had weak kidneys for years and I was often obliged to keep him home from school," says Mrs. Walter Stubblefield, of 537 Fifth St., Richmond. "Whenever he caught cold, the kidney weakness was worse. He didn't seem able to control the kidney secretions at night. I doctored and gave him medicine, but without any permanent benefit. Finally, I gave him Doan's Kidney Pills. Two boxes worked wonders. His kidneys soon began to act regularly and his appetite improved."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Stubblefield recommends. Foster-Milburn Co., Props., Buffalo, N. Y.

BISSELL AVENUE MATTER SETTLED BY SUPERIOR COURT

The efforts of W. Foster, et al., to secure a permanent restraining injunction to prevent City Treasurer Ira Vaughn from turning the Bissell avenue improvement bonds over to the Barber Asphalt company of Oakland came to a sudden halt yesterday afternoon when Superior Judge Latimer handed down his decision in the matter. The decision constitutes a denial of the injunction and is based on the fact that the proceedings governing the work on the avenue were in conformity with the street improvement rules. The work was done by resolution and the bids were advertised for.

The main contention of Foster and the other property holders who objected to the transfer of the bonds was that the macadam crossings had been torn up and bitulithic paving laid instead.

BE PRETTY! TURN GRAY HAIR DARK

Look Young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.

YEOMEN TAKE IN ONE NEW MEMBER

One candidate was received into the membership of the local lodge of Yeomen at the meeting held in Pythian castle last night. This was Paul Iverson, connected with Pulse Brothers' grocery store, George Jeffers, past foreman of the Yeomen lodge at Santa Rosa, was a visitor last evening.

Arrangements are in the making for a combination Halloween and children's social to be held at the castle on the evening of October 29. The following committee has charge: Mrs. E. Lewis, Mrs. W. Lane and Mrs. A. Shrader.

GLADSTONE LODGE INVITED TO OAKLAND

The drill team of Albion Lodge, Sons of St. George of Oakland were present at the meeting last night of Gladstone lodge of this city, and made the evening an interesting one by putting on a creditable drill performance. The local lodge was invited to be present at an entertainment to be given by Albion lodge on Wednesday evening of next week. Talent will be secured from the Orpheum circuit for the occasion if it is understood.

The local lodge is still working on the plans for a whist party to be given at Barnham hall on the evening of October 22.

RICHMOND CLUB FAIR IS OPENED WITH GREAT CROWD PRESENT--CLOSES TONIGHT

HUNDREDS SWARM IN AND OUT OF NE WHOME ON NEVIN AVENUE—COUNTRY STORE, FORTUNE TELLING BOOTHS, COLONIAL KITCHEN AND OTHER ATTRACTIONS ON EXHIBIT.

With a crowd in attendance that exceeded the predictions of even the most hopeful of the fair and bazaar of the Richmond club opened in this city yesterday evening. The parade, which included features of interest marched down the main avenue of the city and carried in its wake an immense concourse of people, who followed as the flock follows the bellwether sheep. In course of a few minutes after the procession had returned and disbanded, the new home of the Richmond club, on Nevin avenue, the scene of the fair was packed to its capacity.

It would seem last night that the visitors were made of money. Many who came with the anticipation of spending the evening, experienced a sudden and decided change in their motives, and spent the evening and their money as well. Not one was known to grumble nor complain of being "held up." It has been the intention of the club women since the first announcement of their intention to give the bazaar to provide a show and display worth while, with the attractions and sale articles well worth the amount asked for them.

Last night's event was in reality the opening of the clubhouse, an attractive building which will stand in the days of the broad future as a monument to a group of earnest and energetic Richmond pioneer women. The idea of erecting the clubhouse was conceived by a number of the women more than three years ago.

If there is not a booth to represent every phase of home life — cooking, sewing and needlework in

its several forms, then it is because the members of the Richmond club are not that progressive and thoughtful group. They are credited with being. It seems even to those who have made detailed and critical inspection that "nothing whatever has been overlooked."

The parade was not all that it should have been, nor all that it would have been had the weather been more propitious. However, it served its purpose and is a credit to the parade committee and the merchants and dealers who arranged and conducted it.

Home made candies stood high with the large number of the young men present. Probably it was not the product of the booth alone that attracted. It might have been the winning smiles and the gracious "Thank Yous" of the salespeople. Every "Come Again" uttered from over the counter was heeded two or three fold throughout the evening.

Of the many booths and concessions which constitute the bazaar there is none that attracts more than the wheel of fortune. Presided over by Mrs. W. W. Felch in the guise of a gypsy the booth is the veritable center of the many attractions, and is so located that none can pass it by. Unlike the usual fortune telling booth which has its place at the ordinary church fair, the predictions which are forecast here are truthful in no little degree. The card deck is used by Miss Burtcher in another fortune teller's den. Here palm reading is featured.

Wherever there, has been a ba-

zaar or a carnival which is of sufficient magnitude to support a country store, the bazaar or carnival generally enjoys a successful and fruitful termination. So would the country store at the Richmond club event indicate the success of that affair.

Clad in gingham and Mother Hubbards, Mrs. W. G. Braine, Mrs. Harry Tangemann and Mrs. W. H. Bunch occupy places behind the country, with a scene setting of meal bags, sacks of flour, barrels, boxes and kegs, coils of rope, lanterns, bolts of calico, harness fixtures "plug cut" and other characteristic adjuncts to the village merchandise store. They are doing a thriving business.

Rice cakes and tea, blossoms and greens afford a delightfully fragrant atmosphere for the Japanese tea garden. In addition to the Japanese delicacies on sale inside there is a creditable stock of Japanese fancy work and trinkets. Mrs. J. T. Conwell and Mrs. O. R. Ludwig, in costume, preside here, and the place is one of true Japanese hospitality.

Other booths, too numerous for individual mention are being conducted by members of the club and willing volunteers, whose names are worthy of preservation on the records of the club. Later the entire list of workers and their respective positions on the bazaar staff will be published.

In the Colonial booth Mrs. Zimmerman and Mrs. Foster abide. Each is attired in a colonial costume and the room is fitted up with antique furnishings. A spinning wheel is seen in actual operation. A colonial fireplace, with a cherry blaze and its crane and kettle lend the appearance of the realistic. Mrs. Wilderhuber, Mrs. Ribley, Mrs. Dohl and Mrs. Anna Horner are also in this booth.

In the waffle booth Mrs. Bates, Mrs. Kinney and Mrs. Charles Johnson, with the assistance of Miss Wetterburg are in command.

In the afternoon a doll buggy parade was conducted under the direction of Mrs. H. O. Watson, Mrs. O. C. Staley and Mrs. L. Stout. The judges were Mrs. Frymire, Mrs. Spaulding and Mrs. C. A. Smith. The prizes were awarded as follows, first prize, Rena Marshall, best dressed doll and buggy; boy doll with a

TOMMY SEATON WINS GAME FROM FAST BROOKLYNS

Tom Seaton, the Richmond product, who is still drawing \$15,000 per annum for his services in the Federal league, twirled the Brooklyn team to a 5 to 3 victory over their rivals, the Baltimore Feds.

Rumors have it that Connie Mack has been keeping close touch with the movements of Seaton and that in all possibilities the Richmond boy will be cavorting around in a Philadelphia uniform.

scheme of pink carnations and ferns, \$5.00; second prize, Mabel Melican, kewpie dolls, decorations of pink chrysanthemums, \$2.50; third prize, Elizabeth Stiver, representing Indian Maid with papoose; special mention, Margaret Carey, as little nurse. Others in the parade were Lois Adams, Bessie Crooks, Rose Hollenbaugh, Merle Adams, Helen Tiller, Helen Carpenter, Frances Stiver, Zelma Higgins, and Madge Jackson. The fair will continue this afternoon and evening.

During the evening special music was rendered by Miss Louise Kerr, Mrs. L. L. Farrell, and Miss Martha Woods.
